A Note from Mayor Gordon Stone:

"This week, we want to begin by saying "thank you" to the Montgomery County Sheriff's Office and all of our local safety partners. In addition to all they do every day to protect and serve our community, the hard-working MCSO team hosted National Night Out on Tuesday evening at our local Home Depot! This community-building event brought families, friends and neighbors together from across Montgomery County to get to know our local public safety providers and law enforcement officers – along with lots of food and fun! We are so appreciative of Sheriff Derrick Cunningham, the MCSO team, and all of our first responders for their excellent service and dedication to the community. Thank you, Pike Road, for joining us at National Night Out to meet the MCSO team and show your appreciation.

As you enjoy the last days of summer and all the activities this season offers, please continue to be mindful of the risks of COVID-19, recognize the value of continuing to protect yourselves and others, and exercise personal responsibility. COVID-19 and, particularly, the Delta variant, are still active across Alabama. It is up to each of us to make smart, responsible decisions that help us maintain our forward progress in the fight to stop it.

Beginning August 9 and in accordance with the latest guidelines and recommendations

from the CDC, the Town of Pike Road will require visitors at all municipal facilities to wear a mask regardless of vaccination status. If you do not have a mask, we will have one available for you. Further, we continue to encourage our community to take necessary safety precautions that protect themselves and others. This includes wearing a mask around those outside of your household, frequent hand washing, practicing social distancing, and covering coughs and sneezes. One of the most effective tools to combat COVID-19 continues to be vaccination. Vaccines are free and readily available at multiple locations within our community, and individuals ages 12+ are eligible to receive the vaccine. Click here to learn more about COVID-19 vaccines and where you can receive yours..."
