## **SHERIFF'S OFFICE SUBSTATION, KIOSK NEW ADDITIONS TO PIKE ROAD STATION**

The Montgomery County Sheriff's Office (MCSO) recently increased its presence in the Town of Pike Road with the opening of a substation in the Pike Road Station commercial and municipal center. The arrangement is part of an on-going relationship between the Town of Pike Road and the MCSO, through which the MCSO provides police protection to the town.

In addition, the MCSO installed an emergency kiosk in the center, near Pike Road Town Hall. With the push of a button on the kiosk, individuals will be connected with the county 911 center.

"The auxiliary office gives our deputies and investigators a place to download their reports without having to make the trip to the station, and it also lets residents and businesses see the presence of law enforcement in the area 24/7," said Chief Deputy Derrick Cunningham.

"The Town of Pike Road appreciates the partnership we enjoy with the Montgomery County Sheriff's Office and their personnel," said Mayor Gordon Stone. "The services our citizens receive from this partnership are second to none, and these two projects are examples of the commitment of both the sheriff's office and the town to the quality of life that has long been enjoyed in this community."

For more information on the new substation or emergency kiosk at Pike Road Station, contact Gordon Stone or Charlene Rabren at 272-9883.
