## TOWN OF PIKE ROAD ANNOUNCES ENHANCE INITIATIVE

Town of Pike Road Mayor Gordon Stone will officially reveal the details of a new initiative, ENHANCE: A Vision with Focus during a community engagement open house at Pike Road Town Hall Thursday, February 16 from 6:00 to 8:00 p.m. Residents and members of the media are invited to attend the casual, come-and-go event to learn more about the initiative and how they can become involved.

“The ENHANCE initiative is a long-term plan of work that will guide the town as we mature in the four areas our citizens have identified as most important: quality of life, community planning, public education and municipal services,” said Stone. “We invite residents to stop by on February 16 and learn about the many exciting opportunities to get involved in shaping the future of their hometown.”

Focusing most heavily on quality of life and community planning, the ENHANCE initiative organizes tasks and teams in seven key areas: exercise, nutrition, health, agriculture, nature, community and education. The initiative also forms a bridge to the education plan and the provision of municipal services, building on partnerships and plans that have been formed since the town incorporated 15 years ago. Within each of the seven areas are organizations and projects for which citizen leaders are being sought.

The February 16 event will also offer Town of Pike Road residents opportunities to ask questions and offer input on not only the ENHANCE initiative, but the full range of programs and services the town conducts.

To learn more about ENHANCE: A Vision with Focus, make plans to attend the February 16 event or contact Gordon Stone or Mary Catherine Barganier at 272-9883.
