Pike Road Schools New Superintendent Press Statement

15 May 2017

It is energizing to see the Pike Road Schools superintendent search process conclude with success. Much energy and thought have gone into the search over the past few months. We would like to thank the Pike Road Schools Board of Education, the Town Council and the citizens of Pike Road for their dedicated work as we welcome Dr. Ledbetter with enthusiasm.

Thank you, Pike Road citizens for your commitment to this community. Under the leadership of Dr. Ed Richardson, community meetings provided the Town of Pike Road leaders and the Pike Road Schools Board of Education members with excellent insight. Parents, teachers, administrators and other community members had the opportunity to share their thoughts about our community's school system. The information collected was valuable throughout the Pike Road Schools superintendent selection process, and the number of people who participated in these meetings demonstrates the passion we have for Pike Road Schools.

As we reflect on the great things the Pike Road Schools System has accomplished in two short years with Dr. Suzanne Freeman, we look forward to continued growth under the leadership of Dr. Ledbetter. There are many more bright days ahead for Pike Road Schools!
