"Home Sweet Home" Workshops Covers All Things Bluebirds

Thank you to everyone who joined yesterday's ["Home Tweet Home": Bluebird Workshop](#)! Yesterday, participants in this

workshop learned all about the bluebirds living in our area before creating their own bluebird house to take home! In case you missed this workshop, here are a few tips and tricks we picked up for you!

- Make sure your birdhouse is firmly mounted – you don't want it to wobble or fall over.
- Try to avoid placing birdhouses too close to windows, as birds may fly into the clear glass.
- Placing a food source near your birdhouse is a great way to attract birds. Bluebirds love mealworms, and hummingbirds prefer sugar water!

"Home Tweet Home": Bluebird House Workshop is the January installation of the 2024 Agriculture & Stewardship Seminar

Series. This event is presented in partnership with the Alabama Cooperative Extension System and the Town of Pike Road's Agriculture & Stewardship Club, an ENHANCE initiative committee.
