Ronda Walker, Montgomery County Commissioner & Professional Trainer with Troy University Continuing Education & Outreach, will present "[Generational Differences & Building Harmony in the Workplace.](#)"

Millennials (Generation Y) are aging and even climbing the corporate ladder while a new generation is entering the workforce: Generation Z. It is time to shift our efforts to adapt to these very different and distinct generations. Most of know the Millennials because they are the most researched

generation in history, but what about Generation Z? In just three years, according to studies, this group will account for 20 percent of the workforce, and they have a growing list of expectations.

This session will look at the characteristics of both generations, clarify the extreme differences, and identify way best for communicating, managing, and working with Millennials and Generation Z.

Lunch from Publix and Coca-Cola Bottling Company will be provided. Please make your lunch selections during the online registration process. This is a free event, but registration is required. [Please click here to register no later than 5 p.m. on June 14!](#)
